## ABOUT US

Imaginative Flexipacks Ltd was promoted in the year 1996 by highly qualified and experienced professionals Mr. Rakesh Bansal and Mrs. Sangeeta Bansal, along with highly motivated, experienced and trained technical personnel to manufacture premium quality disposable paper cups, glasses, containers with paper lids via fully automatic imported manufacturing plants. In addition, company also expended in the manufacturing of all type of paper based packaging suitable for Ice Cream, Bakery, QSR, Sweets, Confectionery industry, and manufacturing over 250 different products with a huge manufacturing capacity of one million pcs per day.

At Imaginative, we offer complete in house facilities under one roof from concept designing to final delivery of the material at customer's door steps, strictly as per customer's specifications regarding design, paper quality, printing, fabrication and packaging.

Our three manufacturing facilities are spread over 1,50,000 sq ft area. We have a working team of over 100 employees.

We are committed to delivering products of the highest quality while upholding stringent food safety standards. We continuously improve, innovate, and upgrade the quality and range of our products, as per market demand and consumer preferences.

We have a strong commitment towards society and Government. We are registered with several Government departments and labour welfare schemes. We contribute maximum for 'Save Earth Movement' from plastic products by effectively replacing the plastic packaging by ecofriendly and bio-degradable paper packaging.
